HUNGRY CUSTOMER = ANGRY CUSTOMER

Waiting for a waiter forever?

Menu not in your language?

Invite technology to your restaurant.

THE BEST EMPLOYEE CANNOT BE CLONED

Is your waiter always the best salesman?

Lack of personnel in the rush hour?

Invite technology to your restaurant.

HOW TO IMPROVE CUSTOMER SATISFACTION

Scan QR or NFC code and browse the menu any time in any language. Share your experience on Facebook.

Invite technology to your restaurant.

BENEFITS FOR CUSTOMERS

access menu on demand

automatic menu translation

Filter meals by criteria (eg.:
vegetarian, low calories)

better choice based on social
network recommendations and
previous selections

tell friends about you
favourite dish

Additional functionality we would plan to offer in the future: easily calculate and share a bill, order a dish without waiter

Invite technology to your restaurant.

BENEFITS FOR RESTURANT

faster service and table rotation

lower menu printing cost

instant menu actualization
(dish of day, promotions)

promote meals
and restaurant
(Facebook)

personalized menu
(friends, recommendations)

Additional functionality we would plan to offer in the future: orders collection

Invite technology to your restaurant.
